# Weekly Development Report 4 (9/25 - 10/01)

This is the 1st Weekly Development Report. This report summarizes the work completed from **Sunday, 25 September, to Saturday, 1 October**.

## 1.    Group

- Set up our GitHub repository and got everyone's individual working machines setup for development
- Researched and settled on an AWS service (Amplify) to be utilized for our project

## 2.    Individual

### 2.1.  Carlo Diaz

No major development updates

### 2.2.  Spencer Hite

No major development updates

### 2.3.  Paolo Ihde

I tested making a change and pushing it to the GitHub repository.

### 2.4.  Brandon Kidd

I set up an AWS account for our team. Met as a group to clarify tasks we need to accomplish.

### 2.5.  Autumn Roberts

No major development updates other than meeting up as a group.

### 2.6.  Michael Thompson

No major updates in terms of development. We met up in a group meeting to organize ourselves to individual tasks.

### 2.7. Tobin Zheng

No major updates in terms of development. Minor updates to the website and started the team's weekly scrums and sprint planning meetings.
